W E invite the attention of the Public to the Certificates appended below, and bespeak for them that candid consideration which their honest frankness deserves. Men in such stations as many who volun-

tarily bear witness to the efficacy and value of CHEENY PECTORAL, do not wantonly trifle with, or distort facts, nor overstate their convictions. Judge then, whether this is not the medicine to trust when you must have relief for the throat or lungs; judge too, whether every family ought not to have it by them as a safeguard against the everywhere prevailing enemy, which steals with fatal frequency upon almost every flock and carries off the lamb rom many a home?

Jackson C. H., Jackson City, 0, 20th Nov., 1852.

Dr. J. C. AVER, Sir-The Cherry Pectoral is much inquired after. Several of our best Physicians have used it, three of them in their own case and always with the happiest effects. The numerous patent medicines always before them, lead to incredulity in regard to every new remedy; and it is only after undoubted evidence of value in any article, that anything

ike a general confidence can be excited. The unrivalled excellence of this combinaion of agents, (in the Charry Pectoral) proved beyond cavil by repeated trial under their own bservation, has compelled medical men to proclaim abroad its usefulness. It is beyond all doubt the best general remedy we have for the Pulmonary Affections of this climate, at the same time sedative and expectorant-a In hope that it will prove its own reward,
